Station: Madras the 19th March 1946.

From

K.N. Anantharaman Esq., I.C.S.,
Joint Secretary, Board of Revenue.

anganathan Esq., O.B.E.,I.C.S.,Commr. of Land Rev.& Irrign
A.D. Crombie Esq., C.I.E.,I.C.S., Commr. of Excise, Sep. Rev. Commercial Taxes.
E. Bennett Esq .C.S., Commr. of Land Rev. & Postwar Reconstruction.

Read the following:-

Letter from the Collector of Bellary, Ref.C.No.1341/46-A6 dated 27-2-1946.

REFERENCE

Submitted to the Government.

2. The Board supports the Collector's proposals. The Collector has been asked to report urgently whether suspension of collection of loan instalments, as contemplated in Rule XXV of the Loans General Rules, is not necessary

in the Kudligi taluk during Fasli 1355.

3. On the basis of the Collector's reports, the Board in its References S.5/46-1 dated 3-1-1946 and 46-2 dated 6-2-46 ordered the postponement of Collection of half the January ki to April 1946 in 21 villages and February kist to April 1946 in 33 villages of Kudligi taluk. As the present remission proposals of the Collector cover 35 villages in Kudligi taluk the Board in partial modifications of its previous orders, directs the immediate suspension of the collection of the amounts covered by the remission proposals in the 35 villages

4. The Collector is requested to submit expeditiously detailed proposals for the grant of dry remission in respect of other taluks affected by adverse seasonal conditions.

To the Secretary to Government, Revenue Department with a sketch and duplicate copy of the Collector's letter together with its enclosures.
To the Collector of Bellary.
Copy to the Secretary to Government, Finance Department.

Collector,
Bellary.

To
The Secretary to the
Board of Revenue,
M A D R A S.

3

Sir,

Sub:- ASSESSMENT - Land Revenue - Bellary district - Kulligi Taluk - F.1355 - Dry remission - proposals submitted.

===

In its reference No.S.5/46-1, dated 3-1-1946 and 6-2-1946, the Board was pleased to order the postponement of collection of January and February kists to April 1946, in view of the adverse seasonal conditions prevailing in Kudligi Taluk. I submit below my report in detail for the sanction of dry remission to the affected villages for fasli 1355.

2. RAINFALL:-- The particulars of rainfall recorded during the years 1943 to 1945 in Kulligi Taluk are furnished in the Annexure "A". The total rainfall received during the year 1945 is less than the two previous years. Though the rainfall in April to June was much the same as in 1944, it was not evenly distributed and untimely or out of season. It is was confined to particular tracts with the onset of rain in July and August, the sowings commenced, but the complete withholding of rains in the succeeding months hindered the growth of the crops with the result that there was a thorough failure of the crops in 35 villages of this Taluk.

CROP HISTORY:-- The uneven and irregular rainfall in the months of April to June 1945 did not accelerate the sowings, with the down pour in July 1945, the sowings commenced. The crops came up well on account of the rain received during the succeeding months. But when it was most needed, it failed completely during the months of October to December 1945, resulting in the utter failure of the crops.

IRRIGATION SOURCES:-- Only 12 out of the 35 affected villages have irrigation sources and of these only 5 villages have wet ayacuts exceeding 100 acres. The supply to these irrigation sources was quite insufficient owing to the paucity of rain. None of these villages could be benefitted by wet cultivation.

TREND OF PRICES:-- A comparative statement showing the prices of food grains and salt for the years 1943, 1944 and 1945 is given in Annexure 'B'. It is noticeable that the prices continue to be high partly due to the conditions created by war and partly due to non-availability or inadequate supply of the commodities. The prices may rise higher during the off season in which festivals and marriages take place. This is a hard hit to the consumers, particularly to the ryots and labouring classes.

OUTTURN STATEMENT:-- Annexure 'C' is the outturn statement prepared in accordance with the instructions issued from time to time. The Tahsildar and the Revenue Inspectors have made intensive azmoish of crops. The villages have been arranged under two groups - group A consisting of villages with an outturn of 2-4 annas and group 'B' with an outturn of 4-6 annas. There are 18 villages in the first group and 17 in the second group. Owing to the very poor outturn of the crops the ryots feel it very difficult to pay the land revenue. I consider that a graded remission of the land revenue will be an adequate and necessary relief to the poor ryots. I, therefore, recommend that the villages placed in Group 'A' may be granted 75% and those in group 'B' 50% remission. These concessions may be extended to the following classes of lands under B. S.O. 14 (6).

1) Unobjectionable cases of S.J.
2) Minor inam lands charged with quit rent or jodi equal to or more than the full assessment; and
3) lands assigned temporarily.

As regards the remitted portion of the land revenue in cases in which

which remission in part is recommended, I do not propose its postponement to next fasli.

A plan showing the affected villages marked in different shades according to the outturn of crops, is enclosed in duplicate. The total amount involved in the proposals for the remission of land revenue is Rs(23,125/-.

DS 19/9/46

for Collector

From the Bd. of Rev. Reg. S.No. 5/465. dt. 19-3-46.

G.O. Ms. No. 606 dt. 25.3.46.

The Govt. sanction the proposal of the Coll. of Bellary for the grant of dry remission for fasli 1355 in the 35 villages affected by adverse seasonal conditions in the Kudligi taluk of the Bellary dt. on the scales mentioned below:

18 villages with an outturn of 4 as. & below but above 2 as. } 75%

17 villages with an outturn of (above) 4 annas ~~& above~~ but below 6 as. } 50%

2. The concessions on the scale referred to in para 1 above apply also to.

(a) unobjectionable cases of sivoijama;

(b) minor inam lands charged with fuit rent or jodi equal to or more than the full assessment; and

(c) lands assigned temporarily.

3. The Board's further report mentioned in para 2 of its Repn. quoted above is awaited.

(G.N.o. 1542. E/Feb)

Rev. Deptt.

Assessment - Land Revenue - (Bellary) - Kudligi taluk - Fasli 1355 - Dry remission - Proposals

From the Bd. of Rev. Ref.S. No. 5/Feb. 5, dt. 19.3.46.

To U.S.

Please see the letter from the Collr. of Bellary at pp. 3-4 cf. and the Board's remarks thereon at pp. 1-2 cf. The Collr. has recommended the grant of dry remissions to the 35 season-affected villages in the Kudligi taluk for fasli 1355. The total amount of remission recommended comes to Rs. 26,131. The remission is at the rates of 75% and 50% according as the average outturn of the particular village is 4 annas and below but above 2 annas or more than 4 annas but less than 6 annas respectively.

Group 'A' villages with an outturn of ~~above 2 annas but less than~~ 4 annas and below but more than 2 annas.

There are 18 villages in this group and under B.S.O. 14(5)(ii) they are entitled to dry remission at rates varying from 50% to 75%. The Collr. and the Bd. recommend the maximum percentage. The same percentage was recommended & sanctioned for this group in Fasli 1352. For orders whether the Board's recommendation may be accepted.

Group 'B' villages with an outturn of 4 as. and ~~above~~ but ~~above~~ below 6 as.

There are 17 villages in this group and under B.S.O. 14(5)(ii) they are entitled to dry remissions at rates varying from 25% to 50% The Collr. & the Bd. have recommended 50%, viz. the maximum. For fasli 1352 the maximum percentage was sanctioned for villages in this group

It is therefore for orders whether, on the same ~~above~~ analogy, 50% remission may be granted for this group in Fasli 1355 also.

2. The Coll. & the Board have recommended that these concessions may be extended also to

(1) unobjectionable cases of Sivoji Jaisa,

(2) minor inam lands charged with fixed rent or fodi equal to or more than ½ full assessment and

(3) lands assigned temporarily.

Following the precedent in G.O. No. 1947 Rev. dt 22.6.43 the Bd's recommendation may be accepted.

3. The Board's further report regarding suspension of collection of loan instalments referred in para 2 at pp. 1-2 C.F. may be awaited

4. Sanction to orders, ~~as~~ above ~~order~~ submitted for approval. Finance may see for remarks before circulation
